

Information on FfWG Foundation Grant Applications 2022-2023

Welcome to the FfWG Foundation Grant application information page! If you are eligible, and wish to apply for a Foundation Grant, you will need to fully complete and submit the online Foundation Grant application form. Please read this information page very carefully, as this will save you time and effort when completing the detailed application process.

Closing date for applications	Friday 1 April 2022
Period for which the grants may be awarded	Academic year 2022-2023, starting from October 2022

Please note all applications must be submitted using the online application form and before the closing date. Applications submitted outside this period or using other methods will not be considered. Each application submitted will automatically generate a unique **Grant Application Number**.

1. Eligibility

For your application to be considered you must meet all the eligibility conditions which may be found on the Grants Bursaries and Fellowship page of the FfWG website. In brief, to be eligible you must be a woman resident in Great Britain and registered for study for a PhD/DPhil at an approved British higher education institution. You must be in your final fee paying or writing up year in the academic year 2022-2023, starting from October 2022. Applications may only be made for financial support with living costs (not for fees), where there is genuine financial need to complete the course of study.

2. Information that you will need to provide

To complete the application form you will need to provide among other things your personal and educational details, details of current and previous financial support and requirements, and contacts for references. You may find it helpful to print the application form screens in order to collate the necessary information before completing the online form. If you do not provide full and accurate information requested in the application form that you submit, or if your application does not meet the eligibility conditions, it is likely that your application will not be considered for a grant.

3. Tips for applicants

- Quote your **Grant Application Number** in all communication
- Obtain prior agreement from your referees to supply references
- Ask your referees to include grants@ffwg.org.uk in their email contacts to avoid emails being blocked
- Ensure your application form is complete and accurate before you submit it and you have paid your administration fee

4. Our obligations and your obligations

You should note these carefully, as set out in the application form. Our obligations include compliance with data protection legislation. Your obligations as an applicant include providing appropriate consents and declarations. Successful applicants are required to provide a progress report to FfWG on conclusion of the study.

The administration fee (non-refundable) of £15 must be paid. Please pay via PayPal using the link that can be found on the Foundation Grant page of our website.

5. Grants are only available for living expenses and not a shortfall in fees.

6. Foundation Grants do not start to be paid until October 2022, therefore, they are not eligible for funds required before that time. No grant is likely to exceed £6,000.

7. **All grants are at the discretion of FfWG. FfWG reserves the right to revoke any grant offer if information supplied, later proves to be inaccurate.**
